TERMS: CONDITIONS OF SALE

Sixty days net to firms or persons of approved credit. Interest at the rate of 6% per annum charged thereafter.

Two per cent discount for cash in ten days after date of invoice.

Three per cent discount for cash with order.

C. O. D. shipments sent when one-fourth cash accompanies order but no cash discount allowed.

Nomenclature. Standardized plant names used as reference whenever names appear in same. In cases in which the plants are not listed in Standardized Plant Names, the botanical name accepted by the nursery trade is used.

The exceptions to the above are Chinese and Asiatic Elm and some varieties of Ligustrum. In these instances the names recognized by the nursery trade of the Southwest are used.

Grading. The grades used conform to the horticultural standards of the American Association of Nurserymen, except that size of balls for the southwest territory will be approximately 30% under the sizes as setup by the A. A. N. These sizes being ample to insure proper handling of our plants.

Guarantee. We guarantee to send out healthy trees, true to name and free from disease, and if we fail in this, we stand ready, upon proper proof, to replace such stock, or refund the purchase price, but we do not hold ourselves liable for an amount greater than the original price. **BUT WE DO NOT GUARANTEE STOCK TO LIVE.** We are unwilling to be responsible for improper planting, handling and cultivation; for drouths, freezes, bad soil, insects, rabbits, diseases or anything else that might prevent a tree from growing.

Packing. Packing or boxing extra at cost. No charge for packing on lining-out stock, for stock packed in carlots or trucks, or when cash accompanies order.

Liability. All quotations and bookings are made subject to crop conditions and we assume no liability for damage by weather conditions or any other conditions over which we have no control.

Claims. We endeavor to keep mistakes to a minimum in our shipping department, but in the event that for any reason for which we are responsible, your shipment is not satisfactory, claims must be made within ten days after receipt of shipment. Our liability ceases when the shipment is delivered to the common carrier.

We grow our own stock. All plants offered for sale are grown in our nursery in Fort Worth. You can be assured of fresh plants at all times.

Acknowledgment. In entering our fifty-seventh year in the nursery business, we wish to thank our friends and customers who have made it possible for us to carry on and develop our service to its present extent. Our President, Mr. J. B. Baker, the head of our business since its inception, looks forward to an opportunity to further serve you.

LINING-OUT STOCK

We have been offering lining-out evergreens to the trade since 1919. Most of our first customers are still buying from us, and many new ones have been added.

OUR FIELD GROWN LINERS have always been in demand, and this year we have a better assortment than ever before.

OUR POT PLANTS are well developed plants with good tops, and roots, too.

OUR ROOTED CUTTINGS are extra heavy and many nurserymen plant them direct into the field, while others grow them in beds for one season.

SAVE ON FREIGHT AND WHOLESALE BILLS by using our lining-out stock and have fresher, acclimated, home-grown nursery stock.

CONIFEROUS EVERGREENS

	100	1000
BIOTA, Aurea Conspicua:	Goldspire	Arbor-Vitae
Pyramidal, tall-growing, bright-golden color. Maximum height 20 feet.		
2¼ in. pots.....	\$12.00	\$100.00
BIOTA, Aurea Nana:	Berckman's	Golden
Compact, slow-growing. New growth very golden. Maximum height 8 feet.		
Rooted Cuttings	\$ 8.00	\$ 60.00
2¼ in. pots	10.00	90.00
6-8 in. Field Grown.....	12.00	100.00
8-10 in. Field Grown.....	15.00	120.00
10-12 in. Field Grown.....	18.00	150.00
BIOTA, Aurea Nana Globosa:	Dwarf Golden	Arbor-Vitae
A new dwarf form of Aurea Nana. Fills a great need in planting outer borders, marking corners of beds, in formal gardens, and rock-garden work. Slow, compact grower. Maximum height 4 feet.		
Rooted Cuttings	\$ 6.00	\$ 50.00
2¼ in. pots	10.00	80.00
6-8 in., Once Transplanted.....	12.00	100.00
8-10 in., Once Transplanted.....	15.00	120.00
BIOTA, Bakerii:	Baker's	Arborvitae
Soft green foliage, pyramidal growth. Probably used more than any other arbor-vitae in Texas. Maximum height 12 feet.		
Rooted Cuttings	\$ 6.00	\$ 50.00
2¼ in. pots.....	10.00	80.00
8-10 in., Field Grown.....	12.00	100.00
10-12 in., Field Grown.....	15.00	120.00
BIOTA, Beverlyense:	Beverly Hills	Arbor-Vitae
Similar to Goldspire, except more open and less golden. Maximum height 20 feet.		
6-8 in., Once Transplanted.....	\$10.00	\$ 80.00

Excelsa Arbor-Vitae Right—Howard's Hybrid Arbor-Vitae Left. Notice compact growth.

BIOTA, Bonita:

Bonita Arbor-Vitae

(Baker's strain—more compact and round growing than regular Bonita.) Maximum height 5 feet.		
	100	1000
Rooted Cuttings	\$ 6.00	\$ 50.00
2¼ in. pots.....	10.00	80.00
6-8 in., Field Grown.....	12.00	100.00
8-10 in., Field Grown.....	15.00	120.00

BIOTA, Excelsa:

Excelsa Arbor-vitae

A fast, compact grower, darker in color than the Baker and a little wider at the bottom. As pretty as any of the Chinese type and hardier. It is growing successfully in the Northern States where others are sometimes damaged by cold. In New Mexico it has withstood a cold of 30 degrees below zero.

Rooted Cuttings—(March 1st).....	\$ 8.00	\$ 60.00
2¼ in. pots.....	12.00	100.00

BIOTA, Howardii:

Howard's Bluespire Arbor-vitae

Columnar shape—glaucous foliage. Compact, vigorous grower. Maximum height 15 feet.

Rooted Cuttings (March 1st).....	\$ 6.00	\$ 50.00
2¼ in. pots.....	10.00	80.00

BIOTA, Mayhewiana:

Mayhew's Golden Arbor Vitae

Compact, almost globe shaped—more green than golden.

Rooted Cuttings (March 1st).....	\$ 6.00	\$ 50.00
6-8 in., Once Transplanted.....	10.00	80.00

BIOTA, Ramseyii:	Ramsey Hybrid Arbor-Vitae	
Tall pyramidal, loose-growing, fine for large specimens or tall screen work. Maximum height 30 feet.		
	100	1000
Rooted Cuttings (Spring only).....	\$10.00	\$ 80.00
2¼ in. pots	12.00	100.00
BIOTA ,Rosedale:	Rosedale Arbor-Vitae	
Feathery, almost blue foliage, compact. One of the old varieties, but still popular. Maximum height 10 feet.		
Rooted Cuttings	\$ 6.00	\$ 50.00
6-9 in. Once Transplanted.....	10.00	80.00
BIOTA, Texana Glauca:	Texas Blue Arbor-Vitae	
Growth similar to Biota Ramseyii, but foliage bluer, flat, and more compact. Maximum height 40 feet.		
Rooted Cuttings	\$ 8.00	\$ 70.00
12-15 in. Once Transplanted.....	12.00	100.00
CUPRESSUS, Fastigiata, Worthiana:	Worthiana Italian Cypress	
Very superior strain of symmetrical upright growth, and much hardier than other cypresses. The parent tree on our grounds is twenty years old and has never been injured by cold when all other specimens were either killed outright or severely damaged by the severe cold spells we have had every four or five years. Young plants propagated from this stock were uninjured in the field while other stock was killed. Every tree is handsome and uniform in its growth. Maximum height 20 feet.		
Rooted Cuttings	\$ 6.00	\$ 50.00
2 in. pots.....	9.00	70.00
2½ in. pots.....	11.00	90.00
3 in. pots.....	15.00	120.00

Block of young Italian Cypress. Notice the straight, compact growth.

Block of *Juniperus Tamariscifolia*. We have a good quantity of this fine Juniper.

JUNIPERUS, Chinensis Pfitzeriana: **Pfitzeriana Juniper**

Most popular of low spreading Junipers. Hardy, good textured foliage, light-blue cast on new foliage. Maximum spread 12 feet.

	100	1000
Rooted Cuttings (March 1st).....	\$ 8.00	\$ 60.00
2¼ in. pots.....	\$12.00	\$100.00
2½ in. pots....	15.00	120.00
4-6 in. Once Transplanted.....	10.00	80.00

JUNIPERUS, Pfitzeriana Aurea: **Hills Golden Pfitzeriana Juniper**

Similar to Pfitzer in habit of growth and texture of foliage, except foliage is golden. Maximum spread 12 feet.

Rooted Cuttings (March 1st).....	\$ 8.00	\$ 60.00
2¼ in. pots.....	12.00	100.00

JUNIPERUS, Chinensis Pyramidalis Blue: **Blue Column Chinese Juniper**

Pyramidal, blue—compact grower—responds well to shearing. Good for West Texas.

Rooted Cuttings (November 1st).....	\$10.00	\$ 80.00
2¼ in. pots.....	17.50	150.00

JUNIPERUS, Chinensis Stricta: **Spiny Greek Juniper**

Compact, conical shape, glaucous, scaly foliage, slow-grower, good for foundations. Maximum height 12 feet.

Rooted Cuttings (November 1st).....	\$ 9.00	\$ 70.00
2¼ in. pots.....	12.00	100.00

JUNIPERUS, Communis Columnaris: **Kiyono's Columnar Juniper**

Hardest of communis type for southwest. Conical, very slender.

Rooted Cuttings	\$ 8.00	\$ 60.00
2¼ in. pots.....	12.00	100.00

JUNIPERUS, Japonica:**Procumbens Juniper**

Hardy, compact prostrate type. Foliage finer and plant lower growing than Juniper Pfitzer. Maximum spread 8 feet.

	100	1000
Rooted Cuttings (March 10th).....	\$ 8.00	\$ 60.00
2¼ in. pots.....	12.00	100.00

JUNIPERUS, Sabina:**Sabina Juniper**

Dark green, coarse-textured foliage, more upright than other prostrate types. Hardy. Maximum spread 8 feet. Maximum height 4 feet.

Rooted Cuttings (March 1st).....	\$ 6.00	\$ 50.00
2 in. pots.....	10.00	80.00
4-6 in. Once Transplanted.....	10.00	80.00

JUNIPERUS, Sabina, Horizontalis:**Horizontal Juniper**

Flat-growing, dark-green foliage similar to Juniper Sabina. Maximum spread 6 feet.

2 in. pots.....	\$ 8.00	\$ 60.00
2¼ in. pots.....	10.00	80.00

JUNIPERUS, Sabina, Tamariscifolia:**Tamarix Juniper**

Slow-growing, fine-textured, compact spreading type. Fine for use in rock garden or low foundation work. Maximum spread 4 feet.

Rooted Cuttings (March 1st).....	\$ 8.00	\$ 60.00
2¼ in. pots.....	12.00	100.00

JUNIPERUS, Virginiana, Kosteri:**Kosters Juniper**

Coarse, fast-growing, hardy, spreading type. Useful in large plantings. Maximum spread 15 feet.

Rooted Cuttings (March 1st).....	\$ 8.00	\$ 60.00
2¼ in. pots.....	10.00	80.00

Block of field grown Berckman's Arbor-Vitae. These plants have been grown in the open field for one year. Make extra fine Lining-out Plants. Listed on page 5.

Block of *Pyracantha Lelandi*.

BROADLEAVED EVERGREENS

	100	1000
ABELIA, Grandiflora:	Glossy Abelia	
Rooted Cuttings (March 1st).....	\$ 4.00	\$ 30.00
2 in. pots.....	6.00	50.00
2¼ in. pots.....	8.00	60.00
9-12 in. Once Transplanted.....	8.00	60.00
BUXUS, Harlandi:	Dwarf Boxwood	
Rooted Cuttings (March 1st).....	\$ 6.00	\$ 50.00
4-6 in. Once Transplanted....	8.00	65.00
BUXUS, Sempervirens:	Boxwood	
Rooted Cuttings (March 1st).....	\$ 6.00	\$ 50.00
4-6 in. Once Transplanted.....	8.00	65.00
ELEAGNUS, Reflexa:	Bronze Eleagnus	
Rooted Cuttings (March 1st).....	\$ 6.00	\$ 50.00
2¼ in. pots.....	10.00	80.00
ELEAGNUS, Simoni:	Simon Eleagnus	
Rooted Cuttings (March 1st).....	\$ 6.00	\$ 50.00
2¼ in. pots.....	10.00	80.00
EUONYMUS, Japonicus:	Japanese Euonymus	
Rooted Cuttings (December 1st).....	\$ 4.00	\$ 30.00
2¼ in. pots.....	6.00	50.00
6-9 in. Once Transplanted.....	8.00	60.00
9-12 in. Once Transplanted.....	10.00	80.00

GARDENIA, Radicans:		Creeping Gardenia	
		100	1000
Rooted Cuttings (March 1st).....	\$ 5.00		\$ 40.00
2 in. pots.....	8.00		60.00
2¼ in. pots.....	10.00		80.00
JASMINE, Floridum:		Florida Jasmine	
Rooted Cuttings (December 1st).....	\$ 4.00		\$ 30.00
2 in. pots.....	6.00		50.00
2¼ in. pots.....	8.00		60.00
6-9 in. Once Transplanted.....	8.00		60.00
9-12 in. Once Transplanted.....	10.00		80.00
JASMINE, Humile:		Italian Jasmine	
Rooted Cuttings (March 1st).....	\$ 8.00		\$ 60.00
LAUROCERASUS, Caroliniana:		Cherry Laurel	
Seedlings	\$ 3.50		\$ 25.00
4-6 in. Once Transplanted.....	5.00		40.00
LEUCOPHYLLUM, Texanum:		Ceniza	
2 in. pots.....	\$10.00		\$ 80.00
2¼ in. pots.....	12.00		100.00
2½ in. pots.....	15.00		120.00
LIGUSTRUM, Lucidum:		Waxleaf Ligustrum	
Rooted Cuttings	\$ 5.00		\$ 40.00
2¼ in. pots.....	8.00		60.00
2½ in. pots.....	10.00		80.00
9-12 in. Once Transplanted.....	12.00		100.00
NANDINA, Domestica:		Heavenly Bamboo	
4-6 in. Once Transplanted.....	\$10.00		\$ 80.00
6-9 in. Once Transplanted.....	12.00		100.00
9-12 in. Once Transplanted.....	15.00		120.00

Block of Nandina Domestica. We have one of the largest stocks of Nandina in Texas.
From Lining-out stock to heavy specimens.

PYRACANTHA, Coccinea:**Firethorn**

	100	1000
Rooted Cuttings (March 1st).....	\$ 4.00	\$ 30.00
2 in. pots.....	8.00	60.00
2¼ in. pots.....	10.00	80.00

DECIDUOUS SHRUBS**BUDDLEIA, Ile de France:**

100 1000

Rooted Cuttings (December 1st).....	\$ 4.00	\$ 30.00
2 in. pots.....	6.00	50.00

LANTANA, Camara:**Hardy Lantana**

Orange		
Pink		
Rooted Cuttings (April 1st).....	\$ 4.00	\$ 30.00
2 in. pots.....	6.00	50.00

SALVIA, Greggii:**Hardy Salvia**

Rooted Cuttings (April 1st).....	\$ 4.00	\$ 30.00
2 in. pots.....	6.00	50.00

THRYALLIS, Glauca:**Thryallis**

A native of South America. One of the most attractive and colorful shrubs in our nursery. Not hardy north of Fort Worth, but could be grown as a bedding plant in the North, or possibly as a perennial.

Yellow blossoms in sprays with red seedpods that cling to the stem give a profusion of color the entire summer, regardless of the heat or dry weather. Fine for cut flower, keeping several days after cut. Height about 2 feet.

Rooted Cuttings (March 1st).....	\$ 6.00	\$ 50.00
2 in. pots.....	10.00	80.00

EVERGREENS

We invite our customers, at their convenience, to visit our nursery and see the type of stock that we have to offer. Make your own selections, and we are sure that you will see some new plants that you can use advantageously.

We recommend truck delivery on evergreens in less than carlots, and maintain truck delivery service for the convenience of our customers, at a small additional cost.

BIOTA, Aurea Conspicua:		Goldspire Arborvitae	
Pyramidal, tall-growing, bright-golden color.		Maximum height 20 feet.	
	Each	10	100
2-3 ft.	\$1.00	\$.90	\$.80
3-4 ft.	1.20	1.10	1.00
4-5 ft.	2.00	1.75	1.50
5-6 ft.	2.50	2.25	2.00
6-7 ft.	3.50	3.00	2.50
7-8 ft.	4.50	4.00	3.50

BIOTA, Aurea Nana:		Berckmans Golden Arborvitae	
Compact, slow-growing. New growth very golden.		Maximum height 8 feet.	
12-15 in.	\$.60	\$.50	\$.40
15-18 in.70	.60	.50
18-24 in.90	.75	.65
24-30 in.	1.00	.90	.80
30-36 in.	1.25	1.10	1.00
36-42 in.	1.50	1.40	1.25

BIOTA, Aurea Nana Globosa:		Dwarf Golden Arborvitae	
A new dwarf form of Aurea Nana. Fills a great need in planting outer borders, marking corners of beds, in formal gardens, and rock-garden work. Slow, compact grower.		Maximum height 4 feet.	
12-15 in.	\$.60	\$.50	\$.40
15-18 in.70	.60	.50
18-24 in.90	.75	.65
24-30 in.	1.00	.90	.80
30-36 in.	1.25	1.10	1.00

BIOTA, Bakerii:		Baker's Arborvitae	
Soft green foliage, pyramidal growth. Probably used more than any other arborvitae in Texas.		Maximum height 12 feet.	
18-24 in.	\$.60	\$.50	\$.40
24-30 in.70	.60	.50
30-36 in.90	.75	.65
3-4 ft.	1.00	.90	.80

BIOTA, Beverlyense:		Beverly Hills Golden Arborvitae	
Similar to Goldspire, except more open and less golden.		Maximum height 20 feet.	
2-3 ft.	\$1.00	\$.90	\$.80
3-4 ft.	1.25	1.10	1.00

BIOTA, Bonita:**Bonita Arborvitae**

(Baker's strain—more compact and round growing than regular Bonita.) Maximum height 5 feet.

	Each	10	100
12-15 in.	\$.60	\$.50	\$.40
15-18 in.70	.60	.50
18-24 in.90	.75	.65
24-30 in.	1.00	.90	.80

BIOTA, Chinensis:**Chinese Arborvitae**

2-3 ft.	\$.80	\$.70	\$.60
3-4 ft.	1.00	.90	.75
4-5 ft.	1.25	1.10	1.00
5-6 ft.	1.75	1.50	1.25
6-7 ft.	2.00	1.75	1.50
7-8 ft.	2.50	2.25	2.00

BIOTA, Excelsa:**Excelsa Arborvitae**

A fast, compact grower, darker in color than the Baker and a little wider at the bottom. As pretty as any of the Chinese type and hardier. It is growing successfully in the Northern States where others are sometimes damaged by cold. In New Mexico it has withstood cold of 30 degrees below zero.

CUPRESSUS, Fastigiata, Worthiana:**Worthiana Italian Cypress**

Very superior strain of symmetrical upright growth, and much hardier than other cypresses. The parent tree on our grounds is twenty years old and has never been injured by cold when all other specimens were either killed outright or severely damaged by the severe cold spells we have had every four or five years. Young plants propagated from this stock were uninjured in the field while other stock was killed. Every tree is handsome and uniform in its growth. Maximum height 20 feet.

	Each	10	100

Goldflame Honeysuckle

(Trade Mark)

A superlative variety: beautiful, hardy and versatile. The large flame-coral trumpets lined with gold, fragrant after nightfall, appear in immense, showy clusters the same year the plant is set out. Reaching its full glory of bloom in early summer, it nevertheless flowers abundantly from May until frost. Dark blue-green foliage, disease and pest free, is attractive in itself and makes a perfect background for the brilliance of the flowers.

GOLDFLAME, Honeysuckle:
(Name Trade-Marked)

A superlative variety: beautiful, hardy and versatile. The large flame-coral trumpets lined with gold, fragrant after nightfall, appear in immense, showy clusters the same year the plant is set out. Reaching its full glory of bloom in early summer, it nevertheless flowers abundantly from May until frost. Dark blue-green foliage, disease and pest free, is attractive in itself and makes a perfect background for the brilliance of the flowers.

Allowed to grow naturally, Goldflame will climb a trellis or spread as a ground cover; pruned it becomes a striking specimen shrub while if planted in a row and sheared it gives a smashing effect as an everblooming hedge.

ROSEGLO, Honeysuckle:

Evergreen south, hardy north, and a free and abundant bloomer from late spring until severe winter. The flowers are two-lipped, tubular, deep rose-pink outside and creamy-white inside; exceedingly fragrant, borne in terminal clusters over the entire plant. The plant is erect and twining, forming a striking and desirable shrub if the long shoots are clipped back at intervals, though if allowed to grow freely will develop into a spreading, low-growing vine. The glossy gray-green foliage is very handsome.

Crape Myrtle the South's best Shrub

All of our Crape Myrtle are transplanted heavy plants and are not to be confused with light cutting grown non-transplanted ones. Each plant is a specimen and with four to eight canes. Crape Myrtle have been considered hard to transplant, but ones transplanted with fibrous roots are no more difficult to transplant than other shrubs.
